

Bluetooth® party sound system (400W)

with LED lighting effects

The Bluetooth® party sound system from SCHWAIGER® offers an outstanding sound experience thanks to its powerful 400 W speakers with particularly strong bass. Listen to your favorite music wirelessly via Bluetooth®, via AUX-In or USB, while your smartphone is

safely stored on the speaker's tray and even can be charged simultaneously. The various LED lighting effects or the included microphone also ensure the perfect party mood. In addition, the speaker has FM radio reception and can be used as a guitar amplifier.
