

## Wireless computer mouse and mousepad (set) with Qi charging function

This convenient set from SCHWAIGER® consists of a wireless computer mouse and a high-quality mouse pad with Qi charging function. Not only the mouse but also other Qi-enabled devices, such as smartphones, can be easily charged with the mouse pad while working. With the practical set, you can

completely avoid a confusing tangle of cables at your desk and still have all the necessary devices at hand. Furthermore, the mouse has an ultra-fast, wireless connection to the computer, fits perfectly in the hand ergonomically and has an extremely long battery life of up to 1 month.
