

## LED Double Spotlight

Thanks to the two powerful COB-LEDs, the SCHWAIGER® double spotlight is ideally suitable for lighting at work or DIY. With the help of the telescopic clamps, the light can be extended up to 1.90 m and can thus be perfectly attached to a bonnet, for example.

Or you can remove the two magnetic lamps and use them individually for lighting. Furthermore, the two lamps have a powerbank function, which enables charging your smartphone while you're at work.

EAN 4004005661583

Last updated: 05.01.2022

## FEATURES (661583)

- work light with two individual LED spotlights, bracket foldable and extendable
- two removable LED spotlights with magnets on the back for secure mounting
- spotlights each individually switchable
- integrated 2,600 mAh lithium-ion batteries for mobile power supply
- ideal illumination due to extremely powerful COB (Chip-on-Board) LED
- foldable bracket for easy storage and transport
- bracket with handles extendable up to 1.90 m for even more flexible applications
- USB output with power bank function for charging mobile devices
- different adjustable brightness levels
- protection class IP54 (protection against dust deposits and spray water)
- contents: LED work light, USB power supply, USB 3.1 Y charging cable, operating instructions

## TECHNICAL DATA

Connections	2x USB 2.0 A jack 2x USB 3.1 C jack
Power supply	input: 5 VDC , 2 A output USB: 5 VDC , 2 A
Capacity of battery	2600 mAh
Battery type	lithium ion (rechargeable)
Type of lamps	2x5 W COB light-emitting diodes (LED)
Lumen	500 Lm (per lamp)
Run time	100% brightness 3 h 50% brightness 6 h
Charging time	4 h

Protection class	IP54
Material of product	ABS TPR (thermoplastic elastomers) polycarbonate
Colour	black/blue
Weight (set)	2220 g
Dimensions (width)	680 mm
Dimensions (height)	180 mm
Dimensions (depth)	130 mm
Model number	ALK25
Packaging	carton
