

TV mounted 24" shelf

maximum load 9 kg

The large SCHWAIGER® TV storage system creates an additional storage area with lots of space above your flat screen in seconds. Thus, for example, set top boxes, soundbars or antennas can be placed effortlessly even with TV's mounted on the wall. The revolutionary

TV Topper can be individually mounted on almost any flat screen regardless of its size without any tools. So everything that belongs to the TV can be located at the TV.
