## HDTV AV Connection Set

with HDMI™ cable, TOSLINK cable and HDMI™/DVI adapter

This SCHWAIGER® connection set provides all the basic equipment when it comes to audio/video accessories. The HDMI™ high-speed cable with ethernet is Ultra HD ready and connects the computer or the SAT receiver to the TV. The optical TOSLINK cable can be

used for connection to a sound system. The adapter turns a DVI-D connection into an HDMI™ connection. The cables have an excellent shielding efficiency. Gold-plated contacts make for best-possible transmission quality.
