CAT 5e Network Cable (U/UTP)

RJ45 plug > RJ12 plug + RJ11 plug

This SCHWAIGER® roll-up CAT 5e network cable is used to connect a computer to the internet / to a network via a network connector socket, HUB, switch or router. Due to the sliding adapter, it can also be used for telephone or ISDN connections (RJ11/12).

Because of its small size, this cable is perfect for transport.
