FEATURES (DEV9677)

- At 110 decibels, the Alarm Siren can warn homeowners and their loved ones of burglaries, fire, water damage and other dangers.
- Reliable acoustic protection in combination with other Home Control components (Door/Window Sensor, Motion Sensor, Smoke Detector, etc.)
- A choice of four different alarm tones can be selected to suit different scenarios
- Three additional tones with lower volumes can be used for doorbells or feedback when device is switched on or off
- The Alarm Siren can also be configured to sound a specific alarm for a specific threat, e.g. a unique alarm siren to signal a break in or the detection of water
- Opt for the additional red LED light for an additional visual alarm
- Easy to install in any plug socket (standard 230V electric sockets). In the case of power failure, the device can run for up to 24 hours on its own battery.
- Intuitive operation via web browser or free app for smartphones and tablets.
- Can be combined at any time with other devolo Home Control components.
- Future-proof thanks to standardised Z-Wave® wireless technology.
- content: devolo Home Control Alarm Siren with built-in battery, power supply unit, mounting accessories, installation manual

TECHNICAL DATA

Integrated protocols	Z-Wave
Frequency range	868,42 MHz
Range	25 m indoor 100 m outdoor
Point of use	indoor use
Operating temperature	-10° - 40 °C
Ambient conditions	0 - 85 % humidity (non-condensing)
Volume	max. 110 dB
Display	3 LEDs
Button	2
Battery type	backup battery BL-5C, 5 V
Power supply	via ext. power supply unit: 100 - 240 V AC output 1.0 A at 5 V DC

Power consumption	250 mA during operation 30 mA in sleep mode
Operating systems	from Windows® 7/Linux® (Ubuntu)/Mac OS® X
Certifications	CE Class B (EU, CH, NO)
Dimensions (width)	110 mm
Dimensions (height)	100 mm
Dimensions (depth)	19 mm
Guarantee	3 years manufacturer's guarantee
Packaging	carton
