

RECEIVER

## Digital Satellite Receiver

### Free To Air (FTA)

This energy-saving SCHWAIGER® receiver allows for reception of all unencrypted digital TV and radio stations. It can be directly connected to the TV via the SCART connection. The pre-programmed channel list (ASTRA 19.2°) can be saved on up to 1000

channels via the user-friendly menu operation. This receiver is equipped with an optical signal indicator for optimum alignment of the antenna. The integrated electronic programme guide (EPG) offers a 7-day programme preview.

### ARTICLE INFORMATION

Article Nr DSR510 011  
 EAN 4004005510157

Last updated: 23.03.2016
