

RECEIVER

Full HD 1080p

FULL HD SAT Receiver

portable

Thanks to its small size, this SCHWAIGER® satellite receiver is ideal for camping or as a spare device at home. It is suitable for operation at 12 V and consists of three parts: the actual mini receiver, a freely placeable display module and an integrated infrared

receiver. In combination with an external memory device, the receiver has a Time Shift function. An integrated multimedia player allows for playback of music and pictures.
