

Gaming mouse

optical, wired

The optical mouse from SCHWAIGER[®] with six precise control elements is specially designed for modern gaming on the PC. With just one click the resolution can be switched conveniently between four different settings so that you are always ideally prepared for the

challenges of the respective game. Thanks to the fast connection via USB, the mouse is immediately ready for use and, thanks to its ergonomic design, it always fits your hand perfectly, even during long-term use.
