LED Light Bulb (E14)
RGBW Multicolor Light

This LED light bulb creates a special living atmosphere due to the adjustable light intensity and colour temperature. The SCHWAIGER® LED light bulb can simply replace common light bulbs (E14 socket). In addition to the HOME4YOU network, it can also be integrated into various other Zigbee gateways such as Osram, Philips or Ikea and can then be controlled with the respective app.

ZigBee®

NEW GENERATION: ZigBee 3.0 Standard

HOME4YOU

FEATURES (HAL800)

- dimmable light
- adjustable RGBW light colour
- adjustable colour temperature
- adjustable light intensity (brightness)
- operation with the SCHWAIGER App via gateway or with ZigBee 3.0 controller
- content: 1x illuminant, user manual

TECHNICAL DATA

Integrated protocols	ZigBee v3.0	Reflected beam angle	300 °
Energy efficiency	A+	Dimmable	yes
Power supply	220 - 240 V AC , 50/60 Hz	Service life	25000 h
Colour shade	RGBW Multicolor	Switching cycles	25000 x
Lumen	470 Lm	Operating temperature	-20 bis 40 °C
Energy consumption	6 kWh / 1000 h	Colour	white
Start-up time	< 1 s	Dimensions (width)	38 mm
Base	E14	Dimensions (height)	110 mm
Performance	6 W	Dimensions (depth)	38 mm
Corresponds to old	50 W	Packaging	carton
Kelvin	1,800 - 6,500 K
