

CLIENT HDMI TV Stick - Cable IP & Power Line

mit Cable IP & Power Line

This SCHWAIGER® HDMI stick is a multifunctional stick which can receive cable TV signals from the Gateway. Reception is possible via WLAN or via network cable through the RJ45 interface of the external power supply unit. Powerline, HbbTV or Smart TV - this client

provides even more convenience in the intelligent home. When connected to the TV, it functions as controller. It then communicates with and controls the SCHWAIGER® Gateway via WLAN.

D Nur in Verbindung mit SCHWAIGER® CABLE IP Gateway verwendbar

GB Can only be used in combination with SCHWAIGER® Gateway
