High Speed HDMI™ Cable with Ethernet
HDMI™ plug > HDMI™ plug

This SCHWAIGER® high-speed HDMI™ connection cable is designed for optimum high-resolution audio and video transmission in Ultra HD quality. It can be used to connect a TV with an audio/video device, a DVB receiver or a games console or to connect a computer with a projector. The additional data channel (ethernet channel) allows for connecting internet-enabled audio/video components with each other - without using another network cable.
