

SLIMLINE High-Speed HDMI™ Cable with Ethernet

HDMI™ plug > HDMI™ plug

This SCHWAIGER® HDMI™ connection cable is used for perfect high-resolution transmission of digital audio and video data in Ultra HD quality. It is used for connecting, for example, a TV to an audio/video receiver or a computer to a projector. The ethernet channel

allows for connecting internet-enabled audio/video components to each other. The slim cable structure is particularly suitable for portable devices.
