

SOUND4YOU

## TWS earphones

with integrated Bluetooth® loudspeaker

Perfect music enjoyment on the go - for our SCHWAIGER® TWS headphones can be used as wireless in-ear headphones on the one hand, while the charging case doubles as a Bluetooth® speaker. The earphones can be quickly recharged anywhere with the charging

case, while the case can continue to be used as a compact speaker. With just one charge of the case, the earphones can be fully recharged up to 5 times. So you never have to miss your favorite music on the go.
