Schwaiger Bluetooth® Headphones

These headphones from SCHWAIGER® are suitable for all common Bluetooth®-enabled devices as well as for all devices with 3.5 mm jack connection. With the help of the built-in microphone, these headphones offer a full headset function. The headphones can be

ideally adapted to the head shape by means of an adjustable headband. Further highlights are the current Bluetooth® version 4.2 and the 8-hour runtime as well as control buttons for the most important functions.
