

Schwaiger Bluetooth® Headphones with NFC chip and control buttons

These SCHWAIGER® headphones can be used with all common Bluetooth®-enabled devices as well as with all other devices equipped with a 3.5 mm jack socket. The built-in microphone turns these headphones into a full-value headset. The headphones have an

extendible headband and, thus, perfectly fit all head shapes. Other highlights are the latest Bluetooth standard 4.0, an NFC chip, 12-hour battery runtime and control buttons for the most important functions.
