

SAT Connection Cable (75 dB)

F Quick connector > F Quick connector

This SCHWAIGER® coaxial cable complies with the high requirements of satellite and cable TV systems. This cable is double-shielded, which makes it less susceptible to any kind of signal interference. The F Quick

system offers fast and secure connection (F Quick) several times in a row.

FEATURES (KVCQ15 032)

- Quick plug system
- shielded twice for low susceptibility to electromagnetic interference
- solid nickel-plated internal PIN
- extremely flexible and easy to lay

TECHNICAL DATA

Connections	2x F quick connector
Form of cable	round
Impedance	75 Ohm
Plugs	metal brass insert
Cable design	0.5 mm (inner conductor) 2.8 mm (dielectric) 5 mm (sheath)
Shielding value	up to 470 MHz > 75 dB up to 862 MHz > 65 dB up to 2150 MHz > 55 dB
Shielding	shielded twice
Shielding material	aluminium composite film/64-wire aluminium braid
Inner conductor	CCS
Cable length	1.5 m
Material of product	plastic
Colour	white
packaging	sliding blister 5b
