

LUCECO

## Luceco LED Light Bulb (6.5 W, E27)

E27 base, warm white

This Luceco light bulb with E27 base allows for saving up to 30 % of energy costs compared to traditional light bulbs and contains state-of-the-art LED technology. Due to its long service life and low maintenance costs, this light bulb is the perfect substitute for all traditional light

bulbs. This 6.5 W LED bulb corresponds to an old, warm white, 40 W light bulb.
