12V USB Charger Adapter "Quick Charge 3.0"

This SCHWAIGER® charger adapter was designed for connection to the cigarette lighter in a car or truck. This product is a model with Qualcomm Quick Charge 3.0 technology. This allows compatible devices to be charged up to 80% in just 35 minutes. This means 4

times faster charging (of compatible products) compared to conventional chargers. Furthermore, the charging adapter is downward compatible and devices without Quick Charge technology can also be charged.

FEATURES (LAD13 533)

- product with Quick Charge™ 3.0 technology
- Qualcomm® licensed product
- charges compatible devices up to 80% in just 35 minutes
- automatic charge control
- powered by cigarette lighter
- easy charging of portable devices via USB connection
- integrated status LED
- integrated multi-protection safety system (short-circuit protection, overvoltage protection, overheating protection, overcharge protection)
- very compact shape
- suitable for passenger cars (12 V) as well as trucks (24 V)
- universal use

TECHNICAL DATA

Quality	PROFESSIONAL
Connections	1x USB 2.0 A jack 1x cigarette lighter
Power supply	input: 12 - 24 VDC output: 5 VDC , 2.400 mA (max.)
Quick Charge	output: 3,6 - 6 VDC , 3000 mA output: 6,2 - 9 VDC , 2000 mA output: 9,2 - 12 VDC , 1500 mA
Point of use	AUTOMOBILE
Overcharge protection	yes
Surge protection	yes
Overheating protection	yes

Short-circuit protection	yes
Output power	15 W
Material of product	PVC metal
Suitable for	smart phone, tablet, camera, headphones
Dimensions (width)	34 mm
Dimensions (height)	44 mm
Dimensions (depth)	20 mm
Colour	black
Packaging	carton
