## 5-Port USB Charging Station (230 V)

with Qualcomm™ Quick Charge 2.0 Standard

This USB charging station allows for charging up to 5 devices at the same time. The charging device offers current of up to 8 A (30 watts) spread over 5 outputs. The maximum output power of each USB output is 2.4 A. The USB hub supports Qualcomm™ Quick Charge 2.0,

which allows for charging compatible devices at a 75 % faster speed. In order to guarantee maximum convenience, the device controls the charge for each USB port automatically.
