

LUCECO

Luceco LED Light Bulb (3.5 W, E14)

E14 base, warm white

This Luceco light bulb with E14 base allows for saving up to 30 % of energy costs compared to traditional light bulbs and contains state-of-the-art LED technology. Due to its long service life and low maintenance costs, this light bulb is the perfect substitute for all traditional light

bulbs. This 3.5 W LED bulb corresponds to an old, warm white, 25 W light bulb.
