## USB Charging Adapter Set for 12 V & 230 V

This SCHWAIGER® charging adapter set consists of a 12 V car charging adapter and a 230 V adapter for use on a power outlet. This set is the perfect solution for easily charging portable devices at home or in the car. Both charging adapters are equipped with a USB

interface and a Power LED which shows the operational status of the adapter. Portable devices such as smart phones, tablets, cameras or controllers can be charged fast and easily by using the original charging cable.
