## Universal smartphone holder with extendable arm for the windscreen

This universal SCHWAIGER® smartphone holder has been specially designed for mounting on the windscreen in the vehicle. A 65 mm suction cup ensures an optimal hold. The holder is suitable for smartphones up to a size of 6 inches. Furthermore, the holder can

be individually adjusted to the corresponding conditions. A further advantage of this model is the extendable arm, which allows an even more specific adjustment.

designed by  
SCHWAIGER
