Type C Sync & Lade Kabel

USB 2.0 A plug > USB 3.1 (Type C) plug

Our SCHWAIGER® Sync & Charging Cable is designed for connecting with a smartphone, tablet, laptop or hard drive. It can be used to synchronize or charge the respective device. Compactly built and usable on both sides, the Type C connector is the future of mobile

devices. Thanks to its gaudy colour, the charging cable is also a real eye-catcher in any living room and stands out from the monotonous standard colours.
