Apple® Lightning Sync & Charging Cable

USB 2.0 A plug > Apple® Lightning plug

Our SCHWAIGER® Sync & Charging Cable is designed for connecting with an iPhone, iPad, iPod or the AirPods. It can be used to synchronize or charge the Apple® device. Either the original Apple® USB power supply or an universal charging adapter can be used.

Thanks to its gaudy colour, the charging cable is also a real eye-catcher in any living room and stands out from the monotonous standard colours.
