Power Bank (10000 mAh) "Flat"

with capacity indicator in plastic housing

With this SCHWAIGER® Powerbank up to two mobile devices can be charged at the same time. The Powerbank can be connected to any USB socket for charging via the included charging cable. Devices to be charged are simply connected to the

Powerbank via the respective USB port using the charging cable. The Powerbank is powered by a rechargeable lithium battery. In addition, the Powerbank has an LCD display, which indicates the remaining capacity in percent.
