

LCD writing tablet

8.5", bear design, pink

The 8.5" LCD writing tablet from Schwaiger® is ideal for making notes, sketches or creative drawing. The accompanying pen fits comfortably in the hand and the LCD display is easy on the eyes as it does not emit any radiation. Notes can be completely deleted

again at the touch of a button, or they can be saved with the practical lock function. The handy writing tablet in the cute bear design is battery-operated and therefore ideal for on the go.
