Universal Power Supply Unit (600 mA)

The power supply unit offers universal power supply for portable devices. An LED on the upper side of the device shows the operational status and a rotary switch on the back allows for changing the voltage in a range from 3 V to 12 V. The output voltage is stabilised and

thanks to the built-in fuse, the device is automatically switched off in case of overheating. For individual use of the power supply unit, a 2 m connection cable with 9 different connectors is included.

FEATURES (NG600USB 011)

- energy-saving, complies with EuP directives
- universal power supply for portable devices
- operational status shown by LED on upper part of housing
- stabilised output voltage
- switchable rotary switch on the back (3 V to 12 V)
- switchable polarity
- maximum safety thanks to overheat protection (device switches off automatically)
- content: 1x power supply connection cable, 9x adapter

TECHNICAL DATA

Quality	PROFESSIONAL
Power supply	output: 600 mA (max.)
Display	light-emitting diodes (LED)
Colour	black
Dimensions (width)	43 mm
Dimensions (height)	95 mm
Dimensions (depth)	72 mm
Packaging	carton
