CAT 5e Network Connector 2-Piece Set

"Easy Install"

This SCHWAIGER® connector set is designed for fast installation onto network cables / ISDN cables. The wires are simply placed into the terminal and then the plug is pressed together. The plugs are equipped with a separate cable guide which allows for easy

installation to the cable. The shielded network connectors comply with the CAT 5e standard. Thanks to gold-plated contacts (8 pin), they make for best possible transmission quality.
