CAT**8.1**   RJ45   **1**×   **METAL**   FIT FOR **SOLID WIRES** **AWG24-AWG22**   FIT FOR **STRANDED WIRES** **AWG24-AWG22**   FOR **WIRE OD: FROM 0.5-0.76** mm   FOR **CABLE DIAMETERS: FROM 6.0-9.5** mm

CAT 8.1 network connector
field-wireable RJ45 plug, full metal

This robust SCHWAIGER® network connector is designed for quick assembly on network cables for setting up network structures. The plug with a latching lever can be mounted on the CAT 8.1 network cable NWKU8025 058 from SCHWAIGER® without tools and in a time-saving manner. The shielded network plugs comply with the CAT 8.1 standard.

FEATURES (NWST811 531)

- CAT 8.1/ Class I (up to 2000 MHz)
- 40GBASE-T for 40 Gbit Ethernet
- field-wireable RJ45 connector
- fully shielded and reinsertable
- wire connection stranded wire AWG 24 - 22, wire diameter 0.50 - 0.76 mm
- wire connection solid wire AWG 24 - 22/, wire diameter 0.50 - 0.76 mm
- assignment according to TIA-568A/B
- can be connected without special tools

- with locking lever
- Suitable for SCHWAIGER® CAT 8.1 network cable NWKU8025 058
- scope of delivery: 1x network connector CAT 8.1

TECHNICAL DATA

Quality	ULTIMATE		Colour	silver
Classification	CAT 8.1		Dimensions (width)	15 mm
Connections	RJ45 plug (8P8C)		Dimensions (height)	14 mm
Shielding	shielded		Dimensions (depth)	50 mm
Content (package)	1		Packaging	Box01 A
Material of product	zinc die casting
