WLAN Travel Adapter

The compact and versatile SCHWAIGER® travel adapter is the ideal companion for travelling around the world. Due to three integrated country-specific plugs for Europe, Great Britain, the US and Australia, the adapter can be used in up to 150 countries all

over the world. A special feature is the integrated WLAN module, which converts any LAN signal (e.g. in a hotel) into a WLAN signal. A built-in 2.1 A charging socket allows for charging of devices directly via the travel adapter.
