FEATURES (SF70 531)

- fast and precise alignment of satellite offset antennas
- especially suitable for ASTRA and EUTELSAT
- clear display of all data due to bright LEDs
- acoustic field strength signal
- light-emitting diodes with broad measurement range
- power supply through the connected receiver
- F connections
- content: 1x SAT Finder, 1x F-connection cable

TECHNICAL DATA

Quality	PROFESSIONAL
Connections	2x F jack
Display	7 LED
Frequency range	950 - 2150 MHz
display for signal quality	yes
Display of signal strength	yes (acoustically)
Transmission loss	< 8 dB
Power supply	12 - 20 VDC 80 mA
Dimensions (width)	93 mm
Dimensions (height)	49 mm
Dimensions (depth)	30 mm
Colour	silver
Packaging	sealed blister SBL02
