Aluminium Offset Antenna (97 cm)

brick red

This SCHWAIGER® offset antenna allows for reception of all free and encrypted TV and radio stations via satellite. The LNB support arm and the back part have the same colour as the dish. Thanks to its size, the antenna has a very high reception reserve under bad

weather conditions such as rain or snow. Due to the use of specially selected materials, we are able to offer a 10-year warranty for this product.
