STAHL ST

Breite | *width*

745mm

Höhe

84

FEATURES (SPI996.0 001)

- LNB arm with integrated cable gland
- mast mount with hexagon nuts
- suitable multifeed holder: UHA50

TECHNICAL DATA

Type of antenna	reflector	Material of LNB holder	plastic
Reflector dimensions (width)	745 mm	Material of LNB support arm	Aluminium
Reflector dimensions (height)	845 mm	Antenna gain (max.)	38.5 dB
Frequency range	10.7 - 12.75 GHz	Elevation range	5 - 48 °
Feed diameter	40 mm	Offset angle	25 °
Material of reflector	Steel powder-coated	FWHM	2.2 °
Material of mast holder	Steel galvanised	Clamping range of mast bracket	32 - 76 mm
