FEATURES (VDAN220 051)

- particularly suitable for HDTV via cable TV
- shielded 4 times to effectively reduce electromagnetic interference
- with ferrite core for additional suppression of sheath current interference
- very high shielding efficiency guaranteed
- inner conductor made of copper for good signal transmission
- best-possible conductivity and minimum transmission resistance due to gold-plated contacts
- solid all-metal plugs with cable gland
- dimensions of display (W x H x D): 290 x 110 (275 opened) x 210 mm

TECHNICAL DATA

Connections	1 x IEC connector 1 x IEC jack
Ferrite core	yes
Impedance	75 Ohm
Plugs	metal
Cable design	1 mm (inner conductor) 3.1 mm (dielectric) 6 mm (sheath)
Shielding value	110 dB
Shielding	shielded 4 times
Shielding material	aluminium composite film/96-wire aluminium braid/aluminium composite film/128-wire aluminium braid
Inner conductor	CU
Cable length	2 m
Content (package)	30
Colour	transparent
Packaging	carton
