

## LED Work Lamp

with removable clamp

Our SCHWAIGER® work light with its powerful COB (Chip-on-Board) LED spotlight always provides the ideal lighting. Thanks to the removable clamp, the work lamp can be easily fixed to robust tables, shelves or similar objects with a firm grip. The LED spotlight can

be rotated 360° on the bracket to always achieve the best possible illumination. In addition, the lamp can be removed from the clamp and can be fixed with the magnets on the back.

## FEATURES (WLK250)

- removable, rubberised clamp for non-slip fixation when working
- 360° rotatable ball joint for individual alignment of the LED spotlight
- easy plugging and unplugging of the lamp onto the clamp
- with two strong magnets on the back of the lamp
- can be used with and without clamp
- ideal illumination due to extremely powerful COB (Chip-on-Board) LED
- battery-operated for mobile use independent of the mains
- robust housing
- scope of delivery: LED work light, clamp, 3x AA batteries (LR06), instruction manual

## TECHNICAL DATA

Power supply	via battery: 1,5 VDC (3 pieces)
Battery type	LR06 (AA)
Type of lamps	3 W COB light-emitting diodes (LED)
Luminous flux	250 Lm
Lifetime (LED)	50000 h
Run time	approx. 5 h
Kelvin	6,500 K
Protection class	IP20

Material of product	ABS TPR (thermoplastic elastomers) Nylon
Colour	black/yellow
Dimensions (width)	185 mm
Dimensions (height)	130 mm
Dimensions (depth)	85 mm
Packaging	carton
